

Diamond Cross Frame Buffet Tables

Designed to Fit.
Built to Last.

*Rectangle Table: Yaki Oak (Y0621) Laminate
Brushed Stainless Steel Frame
30" x 60" (76cm x 152cm) Top
36" (91cm) Height*

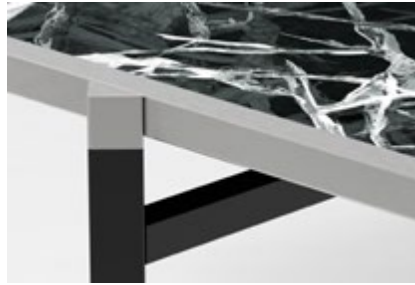

DIAMOND CROSS FRAME

The elegant, simple design of the Diamond Cross Frame Buffet Tables makes any event a show stopper. The reversible tops and modular design makes any arrangement possible for any event. The top lifts off with no clasps or triggers and the frame folds flat. Simply roll the tops and frames into and out of storage on one of our table caddies.

Compact Storage

Simply lift the top off the frame and then fold the free standing frame flat and place them on the caddy. One table frame folds flat to a thickness of 3-3.5" (8-9cm).

Customize

Choose two laminates from our extensive laminate library for the reversible top and choose from five standard durable frame finish options.

Modular Design

Configurable in a variety of functional and stylish set ups. Combine shapes and sizes to create visual interest and functionality to any event, the possibilities are endless.

Diamond Cross Table Features

FEATURES & BENEFITS

Table Top

Top Shape Options:

Choose round, square or rectangle tops. All shapes are available for all height options.

Top Laminate Options:

A reversible top allows you to choose two finishes for every top creating a versatile and flexible set up.

High-Pressure Laminate:

Tough .04" (1mm) thickness high-pressure laminate for added durability and long-term wear. A large variety of striking colors and patterns are available to fit any decor.

Solid MDF Core Table Top:

Laminate tops are made with extremely durable 3/4" (1.9cm) MDF core material that is stronger than plywood or particleboard.

SICO® Armor-Edge® Seal:

Proven track record for durability. Hermetically seals the tabletop edge for sanitary purposes and prevents moisture from entering table top core. (Not visible, it is surrounded by the stainless steel top edge)

Stainless Steel Top Edging:

Extremely durable material is purpose built to look great while also protecting the top from damage. 1" (2.5cm) 16 gauge 304 stainless steel with a brushed finish.

Transport & Storage

Caddy: Store and transport multiple folded tables efficiently. Simply lift the top, fold the frame flat and place them on the caddy. Available in large or small sizes.

Compact Folded Position:

Once the top and frame have been folded and placed together the overall thickness is 3.5" (9cm) or less.

Configurations

Use your creativity to set up these tables in a way to best suit your event needs. Common configurations include:

- Buffet
- Reception
- Pre-Function
- Ambient
- Display

Space Design

Take advantage of our **FREE space design service to determine the optimal layout and number of products for your space.**

Frame

1.25" (3.2cm) Square Steel Legs:

Each vertical leg is constructed from 1.25" (3.2cm) square, 16 gauge steel tubing. Welded at all static connections for superior strength.

1" (2.5cm) Steel Crossmembers:

Each horizontal crossmember is constructed from 1" (2.5cm) square, 16 gauge steel tubing. Welded at all static connections for superior strength.

Folding Cross Bracing: Easily fold the frames flat with a center pivot point on all cross bracing.

Finishes: Choose from brushed stainless steel, or four standard durable powder coat finishes to accent your table.

Adjustable Glides: On frames for uneven surfaces; +/- 1.5" (4cm).

Limited Lifetime Warranty

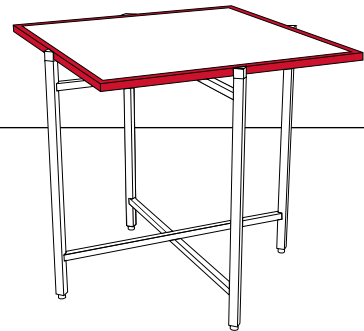

Protected by a 1-year warranty against manufacturer's defects. Visit www.sicoinc.com for warranty details.

Serial Number: Tables are permanently marked on the inside of the lower leg for easy identification.

OPTIONS

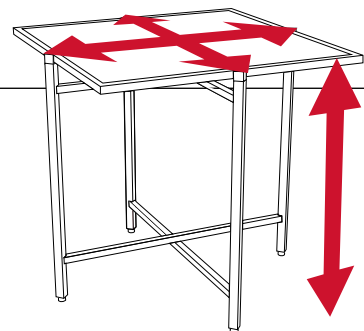

Choose Top Shape

Choose from round, square or rectangle shapes. Mix and match shapes into unique layouts that suit your specific needs and add interest to an otherwise bland space.

Choose Size

Choose from four standard heights and three standard sizes within each top shape to optimize your events and your storage space. Multilevel displays create captivating experiences for guests.

Choose Top Pattern for Both Sides

Choose from a nearly endless collection of surface patterns. Each side of the top can have a different pattern, which means this versatile table is suited for any event type. Visit www.sicoinc.com for a full list of these patterns.

Choose Frame Finish

Choose from six standard frame finishes. Choose from brushed stainless steel or a micro texture powder coat in 4 standard colors. Mix and match these to set your brand apart. Custom frame finishes also available.

Choose Caddy Options

Choose to add convenience to set-up and take-down with or caddy options. The sizes and quantity of your tables will determine the best combination of large and small caddies for your facility. Our FREE Space Design service can optimize this for you!
